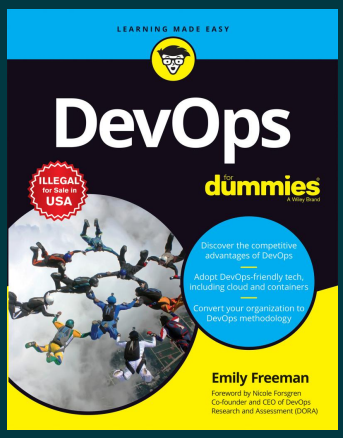
WILEY



# DevOps For Dummies

By Emily Freeman

Paperback 9788126553495 ₹739.00

**Pages: 376**

## Description

DevOps embraces a culture of unifying the creation and distribution of technology in a way that allows for faster release cycles and more resource-efficient product updating. DevOps For Dummies provides a guidebook for those on the development or operations side in need of a primer on this way of working. DevOps evangelist Emily Freeman provides a roadmap for adopting the management and technology tools, as well as the culture changes, needed to dive head-first into DevOps.

## About the Author

### Emily Freeman

Emily Freeman made the career switch from freelance editor and ghost writer to software developer and hasn't looked back. She's currently Vice President of Developer Relations and Product Marketing for Kickbox, an email technology company. She's a frequent speaker and keynote at DevOps events around the world
