Quality Control

By V.A. Kulkarni, A.K. Bewoor

Paperback 9788126519071 ₹902.00

Pages: 392

Description

Quality Control is designed with an integrated approach for the interdisciplinary courses on Quality Control and Total Quality Management. The book serves as a textbook for the core course on Statistical Quality Control and is aimed at undergraduate students of engineering at all Indian universities. The text provides a comprehensive coverage of the subject from basic principles to state-of-the-art concepts and applications. With a strong engineering and management orientation, the book explores the modern use of statistical methods in quality control and improvement
