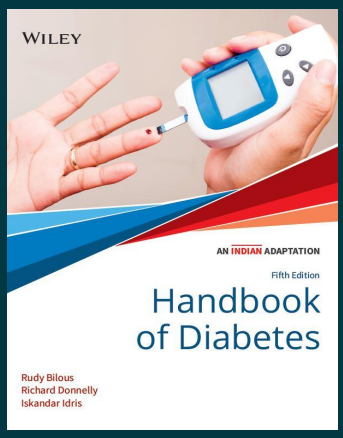
WILEY



Handbook of Diabetes, 5ed (An Indian Adaptation)

By Rudy Bilous, Richard Donnelly, Iskandar Idris

Paperback 9789354645129 ₹- Price

Pages: 340

Description

The Handbook of Diabetes provides concise and efficient coverage of the diagnosis, epidemiology, and management of diabetes and its complications. Containing hundreds of diagrams, illustrations, and clinical photographs, this popular quick-reference guide focuses on the management and measurement of diabetes mellitus with highly visual references. This Indian adaptation of the fifth edition has been developed based on the detailed feedback obtained from long-standing users of the book about how the book should be revised.

Table of Contents

Part 1 Introduction to Diabetes

1. Introduction to diabetes
2. History of diabetes
3. Diagnosis and classification of diabetes
4. Public health aspects of diabetes
5. Normal physiology of insulin secretion and action
