Trading For Dummies, 5ed

By Lita Epstein, Grayson D. Roze

Paperback 9789373322308 ₹750.00

Pages: 400

Description

Trading For Dummies, 5e is a book for investors looking to take their portfolios to a higher level. Learn how to assume more risk, reap more benefits, and build a more aggressive portfolio through the methods of position trading, which involves due diligence, analyzing trends and key indicators, and a longer holding period than day trading or even swing trading.

Updates:

- How to trade in what will likely be a turn toward downward market during a recession, as well as how to prepare for the subsequent economic turn upward
- Update how to work with Stockcharts.com to match current charting interface
- Expand chapter on ETFs, which have become more popular trading vehicles during the turbulent market conditions
- Overview of various trading styles in current turbulent market conditions

About the Author
