eBook - Reimagining Businesses with AI

By Sudhi Sinha, Khaled Al Huraimel

eBook 9789357465687 ₹- *Price*

Pages: 288

Description

Reimagining Businesses with AI provides a comprehensive guide for business executives on leveraging artificial intelligence to transform operations. It covers building a tech foundation for AI, managing disruption, and addressing ethical, privacy, and security concerns. The book offers a multi-industry perspective on AI's business impact and practical implementation strategies.
