eBook - AI Strategy to Execution

By Anthony Bradshaw, Sudaman Thoppan Mohanchandralal, Christopher Grumiau, U Dinesh Kumar

eBook 9789357469746 ₹- *Price*

Pages: 356

Description

The goal of this book is to depict a vision explaining how, with the right agreements in requirements and commitments towards operationalization, an organization can bring its Artificial Intelligence goals to the fore. It focuses on the challenges that companies must confront and the essential building blocks required for transforming their organizations into data-driven entities.

About the Author

Anthony Bradshaw, Sudaman Thoppan Mohanchandralal, Christopher Grumiau, U Dinesh Kumar

Anthony Bradshaw is an experienced international executive from the insurance industry and a former partner of a global consulting firm.
