eBook - Artificial Intelligence for Asset Management and Investment : A Strategic Perspective

By Al Naqvi

eBook 9789370600805 ₹- Price

Pages: 320

Description

Artificial Intelligence for Asset Management and Investment by Al Naqvi offers a strategic framework to integrate AI comprehensively in investment finance. It guides building or transforming asset management firms with AI as the foundation, enhancing performance in compliance, management, and customer service amidst the Fintech revolution. The book addresses governance, leadership, and practical AI applications for competitive advantage.
