# eBook - The Transhumanist Reader : Classical and Contemporary Essays on the Science, Technology, and Philosophy of the Human Future

By Max More, Natasha Vita-More

eBook 9789373325897 ₹- Price

**Pages: 480**

## Description

The Transhumanist Reader is a comprehensive collection of essays exploring the origins, philosophy, science, and technology of transhumanism. It covers human enhancement, life extension, ethical and social implications, and future trajectories like the technological singularity, offering foundational insights into expanding human nature through emerging technologies.

## About the Author
