eBook - Boom to Backlash: George Floyd's Legacy on DEI as a Business Imperative

By DK Bartley

eBook 9789377063450 ₹- Price

Pages: 272

Description

Boom to Backlash examines the transformation of DEI initiatives worldwide following George Floyd's death, highlighting the initial surge in corporate DEI commitments, progress made, and backlash. It explores DEI's impact on business, political climate influences, and technology's role, emphasizing its evolution into a crucial business and social strategy.
