eBook - Virtual Natives: How a New Generation is Revolutionizing the Future of Work, Play, and Culture

By Catherine D. Henry, Leslie Shannon

eBook 9789377067212 ₹- *Price*

Pages: 304

Description

Virtual Natives explores how Generations Alpha and Z are driving the shift from the Digital Age to the Virtual Age, revolutionizing work, play, economics, and social life through technology. It examines their behaviors, use of AI, AR/VR, gaming, blockchain, and Web3, revealing a cultural revolution led by this tech-savvy generation reshaping the future.
