WILEY

eBook - Artificial Intelligence for Audit, Forensic Accounting, and Valuation: A Strategic Perspective

By Al Naqvi

eBook 9789377063887 ₹- Price

Pages: 320

Description

This book offers a strategic perspective on integrating artificial intelligence into audit, forensic accounting, and valuation. It guides building AI-driven automated accounting firms, enhancing audit management, fraud detection, and organizational governance, to help accounting and auditing firms modernize and compete in the automation era.
