Unbarred Innovation Redefined: A Pathway to Greatest Discoveries

By Mayur Ramgir

Paperback 9788126548491 ₹735.00

Pages: 200

Description

This book aims to diffuse the phenomenon that innovation is limited to certain people. It is a unique blend of providing you with the inspiration and motivation you need to de-clutter yourself from society and engage in the innovation process. It will enlighten the readers about the benefits of innovation where students and corporate executives can look at a problem from a different perspective as basic as classroom trouble or problems faced in offices or corporate board rooms respectively.
