
Wiley's Solutions to Irodov's Problems in General Physics, Vol II, 4ed

By Abhay Kumar Singh

Paperback 9788126551194 ₹666.00

Pages: 356

Description

Irodov problems are considered the most complex and comprehensive set of problems in terms of concept testing the world over. In fact, some problems combine multiple concepts of physics, which makes these problems unique. Solutions to IRODOV'S problems in General Physics, available in two volumes, are meant for those dedicated physics students who face the challenge of solving numerical problems, particularly JEE (Mains & Advanced). The two volumes provide the complete solutions for each of the 1878 problems in I.E. IRODOV's problems in General Physics. The solutions presented in this book are crisp, and guaranteed to make you think beyond the box. This book is exactly what you need to establish a strong foundation for discovering the beauty of physics and cracking any entrance exam in India.

About the Author

Abhay Kumar Singh

Mr. Abhay Kumar Singh is the Founder / Director of Abhay's IIT Physics Teaching Centre

Table of Contents

Part Four Oscillations and Waves

4.1 Mechanical Oscillations

4.2 Electric Oscillations

4.3 Elastic Waves. Acoustics

4.4 Electromagnetic waves. Radiation

Part Five Optics

5.1 Photometry and Geometrical Optics

5.2 Interference of Light

5.3 Diffraction of Light

5.4 Polarization of Light

5.5 Dispersion and Absorption of Light

5.6 Optics of Moving Sources

5.7 Thermal Radiation. Quantum Nature of Light

Part Six Atomic and Nuclear Physics

6.1 Scattering of Particles. Rutherford-Bohr atom

6.2 Waves Properties of Particles. Schrodinger Equation

6.3 Properties of Atoms. Spectra

6.4 Molecules and Crystals

6.5 Radioactivity

6.6 Nuclear Reactions

6.7 Elementary Particles
