₹1,569.00

Pages: 1060

Description

International Financial Statement Analysis provides the most up-to-date detail for the successful assessment of company performance and financial position regardless of country of origin. The seasoned experts at the CFA Institute offer readers a rich, clear reference, covering all aspects from financial reporting mechanics and standards to understanding income and balance sheets. Comprehensive guidance toward effective analysis techniques helps readers make real-world use of the knowledge presented, with this new third edition containing the most current standards and methods for the post-crisis world.
