

International Business, 2ed (An Indian Adaptation)

By Shad Morris, James Oldroyd, Ram Singh

Paperback

9789354249334

₹1,099.00

Description

This book on International Business focuses on issues of globalization demonstrating how it has helped nations and societies to transform their political and economic systems as well as how nations can further reorient their systems to specific national, industrial, and societal needs. It further demonstrates how companies can enter international markets, manage the marketing, financial, HR, and supply-chain operations of a business enterprise in diverse global markets, and expand and diversify in vast global markets with right business strategies for wealth maximization as well as ensuring sustainability.
