Description

Windows 11 arrives with the promise of being the fastest, most secure, and most flexible of the operating system yet. That doesn't mean it's always easy to make your computer work faster, more securely, and more flexible. This book offers help for those moments when you ask yourself "what the heck is my computer doing?" You'll find guidance on how to get around the newly updated Windows 11 interface, how to use new Windows tools like Teams and widgets, and even how to bring Android apps on board your device to simplify your processes.

About the Author

Andy Rathbone

Andy Rathbone probably didn't think "someday I'm going to be the world's all-time best-selling tech how-to book author" when he was finishing his comparative literature degree. A stint writing for computer magazines led to him writing Windows For Dummies
