WILEY

Statistical Reasoning in the Behavioral Sciences, 7ed (An Indian Adaptation)

By Bruce M. King, Patrick J. Rosopa, Edward W. Minium

Paperback 9789357460590 **₹1,019.00**

Pages: 488

Description

Statistical Reasoning in the Behavioral Sciences, 7th Edition continues to provide streamlined resources and easy-to-understand information on statistics in the behavioral sciences and related fields, including psychology, education, human resources management, and sociology. Students and professionals in the behavioral sciences will develop an understanding of statistical logic and procedures, the properties of statistical devices, and the importance of the assumptions underlying statistical tools. The contents of the Adapted Edition have been restructured and enhanced to fit the Indian context.
