Export and Import Management: Text and Cases, 2ed

By Ram Singh

Paperback 9789357461825 ₹1,099.00

Pages: 592

Description

In today's globalized world, both export and import (EXIM) are vital to the health and dynamism of developed as well as developing economies. In the contemporary highly volatile trading environment, the significance of foreign trade for a country like India cannot be underestimated. It is important for our policymakers to leverage economic resources in all the areas of economic activities, including agriculture, manufacturing and services.
