Description

NMAT by GMAC™ Official Guide Tenth Edition is a must-have book for those who want to attain a high score on the prestigious NMAT exam. It has been created by the exam conducting authority (GMAC™) and is the only source of Real NMAT Questions from past exams. The book steers clear of jargon and explains even the most complex concepts in a simple-to-understand language. What further differentiates this book is the various question-specific and section-specific strategies that it uses to analyze the various elements of the exam. These methods provide you invaluable skills to arrive at the correct answer and develop the ability to solve any question type, no matter how difficult. The various aspects of the key topics have been discussed with relevant examples, keeping in mind the exam patterns of the past years' NMAT.
