Operations Management, 8ed (An Indian Adaptation)

By R. Dan Reid, Nada R. Sanders, Sidhartha S. Padhi

Paperback 9789363863262 ₹1,099.00

Pages: 672

Description

In an era of unprecedented business evolution, marked by technological breakthroughs and global challenges, an Operations Management (OM) textbook emerges to equip students with the essential tools to navigate the complexities of the modern corporate environment. This textbook stands as a testament to the transformative power of global integration, AI advancements, sustainability imperatives, and the disruptive effects of the COVID-19 pandemic on traditional business practices, emphasizing the pivotal role of OM in maintaining a firm's competitive advantage. This textbook aims to provide a foundational knowledge of OM, blending classic and modern methodologies, including IT, robotics, AI, and sustainable practices. It covers strategic and tactical decision-making and the specific challenges of service and manufacturing sectors. The book is also designed for accessibility, with relatable introductory stories and clear explanations to cater to students with varying business acumen. It progresses from strategic to tactical OM topics, with self-contained chapters for teaching flexibility and upfront background knowledge summaries.

About the Author

R. Dan Reid, Nada R. Sanders, Sidhartha S. Padhi

R. Dan Reid is Associate Professor Emeritus of Operations Management at the Whittemore School of Business and Economics at the University of New Hampshire. He holds a Ph.D. in Operations Management from The Ohio State University, an M.B.A. from Angelo State University, and a B.A. in Business Management from the University of Maryland. During the past 20 years, he has taught at The Ohio State University, Ohio University, Bowling Green State University, Otterbein College, and the University of New Hampshire.

Nada R. Sanders is a Distinguished Professor of Supply Chain Management at the D'Amore-McKim School of Business at Northeastern University. She holds a Ph.D. in Operations Management from The Ohio State University, an M.B.A. from The Ohio State University, and a B.S. in Mechanical Engineering. She has taught for more than 25 years at a variety of academic institutions including The Ohio State University, Lehigh University, Texas Christian University, and Wright State University. She has designed and taught classes for undergraduates, graduates, and executives across various industry groups on topics such as operations management, operations strategy, forecasting and analytics, and supply chain management.

Sidhartha S. Padhi is Professor of Quantitative Methods and Operations Management (QMOM) at Indian Institute of Management Kozhikode with more than 13 years of work experience. He obtained his Ph.D. from the Indian Institute of Technology, Kharagpur,

his master’s degree in scientific computing, and a bachelor’s degree in mechanical

engineering. He has also worked as a Senior Lecturer in the Operations Management Group at the Management Development Institute, Gurgaon, where he taught business statistics, management science, decision-making, and research methodology.

Table of Contents

1.1 Introduction to Operations Management
Chapter Overview
What is Operations Management?
Differences Between Manufacturing and Service Organizations
Historical Perspectives in Operations
Historical Development
Frederick Winslow Taylor
Walter Andrew Shewhart
Quality Management
Scientific Management
Total Quality Management
Management Science
Operations Research
Lean Production
Critical Quality Management
Six Sigma Quality Programming
Kaizen
Time-Based Competition
Supply Chain Management
Agile Manufacturing
Customer-Driven Operations
Assembly Line
Dialogue Support Pertaining of this Matrix
Operations Management in Practice: Forecasting, and analytics
Today's MNE Environment
Chapter Overview
Operations Management in Practice
Why Study Operations Management?
Welcome to the Organization
Chapter Overview
The Sustainability Unit
Lean Production: Introduction to
Lean/Jidoka Internal Work Unit
Lean/Jidoka Internal Work Unit
Chemical Challenge: Reinforced by Your Knowledge of OM
Lean Production: Introduction to Operations...
Internal Bibliography
Summary / Key Terms / Formula Review / Discussion
Chapter Overview
Operations and Competitive Strategy
The Importance of Operations Strategy
Operations Strategy and Technology
Mission
Environmental Scanning
Core Competencies
Dividing & Together
Operations and Corporate Strategy
Key Decision Areas
For Best for Tools Etc.
Order Winners and Qualifiers
Translating Corporate Strategy into Into Production Requirements
Corporate Strategy and Technology
Types of Technology
Technology as a Tool for Competitive Advantage
Mission
Measuring Productivity
Productivity and Resources
Productivity and Competitiveness
Productivity Issues in the Service
Hardwire Effects
Operations Strategy within (MRO) OM: How It All Fits Together
(Operations Strategy) Across the Organization
The Sustainability Unit
The Sustainability Unit
Chapter Overview
Career: Global Transformation and Operational Excellence at UCO Bank
Product and Service Design
Analytics in Decision Making
Product and Service Design Strategy (MRO) Across
Summary / Key Terms / Formula Reviews / Discussion
Questions / Problems / Tutorial Bibliography
2 Product Design and Process Selection
Chapter Overview
Product Design
Product Design Across Goods
The Product Design Process
Product Life Cycles
Product Screening
Concept Development and Testing
Functionality
Factors Impacting Product Design
Quality Function
Concurrent Engineering
Concurrent Engineering
Remanufacturing
Value Analysis
Environmentally Friendly Design
Process Performance Metrics
Process Design Strategy and Process Selection
Product Design Decisions
Process Selection
Facility Layout
Process Strategy (Strategy)
Degree of Vertical Integration
Technology
(Information) Technology
Capacity
E-Manufacturing
Flexible Manufacturing
Role the Services Different From Manufacturing?
Service Package Components
The Service Package
Service Strategy
Hardwire Effects
Product Design and Process Selection Within OM: How It All Fits Together
Product Design and Process Selection Across the Organization
The Sustainability Unit
The Sustainability Unit
Chapter Overview
Career: Titan Company Limited—Excellence in Product Design Strategy
Lean/Jidoka Internal Work Unit
Lean/Jidoka Internal Work Unit
Product Design and Process Selection Techniques
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
3 Supply Chain Management
Supply Chain Management
Chapter Overview
Competitiveness in a Supply Chain for a Manufacturer
Supply Chain Management
Supply Chain Management
The Bullwhip Effect
Supply Chain Management
E-commerce and Supply Chains
Challenges and Opportunities in Competition Resulting from E-commerce
Intermediaries
Disintermediation
Government Regulation and E-commerce
Supply Chain Management
The Role of Purchasing
Supply Chain Management (Purchasing)
Sourcing Decisions
Supplier Evaluation and Determining Decisions
Developing Supplier Relationships
Supplier Certification
Developing Partnerships
Supply Chain Management Across
Hardwire Effects
Supply Chain Management
Supply Chain Management within OM: How It All Fits Together
Supply Chain Management Across the Organization
The Sustainability Unit
The Sustainability Unit
Lean/Jidoka Internal Work Unit
Career: Carrier Transicold Supply Chain Management Game
Lean/Jidoka Internal Work Unit: Lean Production: Introduction to Operations Inventory (ERC)
Analytics in Decision Making
Summary / Key Terms / Formula Reviews / Discussion
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
4 Total Quality Management
Total Quality Management
Defining Quality
What is Operations Manufacturing and Service Organizations
Cost of Quality
Total Quality Management (Total Quality Management (TQM))
Quality Gurus
Six Sigma Quality at TQM
Customer Focus
Continuous Improvement
Employee Empowerment
Product Design
Process Design
Supplier Partnership
Managing Supplier Quality
Tools for Continuous Improvement
Six Sigma with Statistical Method Quality Award (MBNQA)
Quality Standards
ASQM Excellence award
ISO 9000 Standards
ISO Standards for Sustainability Reporting
Why TQM Efforts Fail
Hardwire Effects
Total Quality Management (TQM) within OM: How It All Fits Together
TQM across the Organization
The Sustainability Unit
The Sustainability Unit
Career: Bed Linen Advertising (ICA)
Beta Plants Inc. (B)
Lean/Jidoka Internal Work Unit
Internal Challenge: Number Markets
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
5 Statistical Process Control
Chapter Overview
Statistical Quality Control
Sources of Variation: Common and Assignable Causes
Control Charts
The Mean
Process Capability and Control Variation
Distribution of Data
Statistical Process Control Methods
Developing Control Charts
Control Charts for Variables
X Bar Charts
Range (R) Charts
Using X Bar and Range Charts Together
Control Charts for Attributes
P Charts
C Charts
Process Capability
Determining Process Capability
Six Sigma Quality
Six Sigma Funding
Sampling Plans
Statistical Process Control (SC) Canvas
Acceptance Sampling
Implications for Managers
Statistical Process Control Hardwire Impact
Where to Invest
Hardwire Effects
Statistical Quality Control in Services
Chapter Overview
Statistical Quality Control (SQC) Within OM: How It All Fits Together
Statistical Quality Control (SQC) Across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work: Heinz Journey to Operational Excellence
Beta Plants Inc. (B)
Lean/Jidoka Internal Work
Internal Challenge: Soda Ash
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
6 Capacity and Facility Layout
Chapter Overview
Capacity Planning
Importance of Capacity Decisions
Capacity Planning
Hardwire Effects
Capacity Planning within OM: How It All Fits Together
Capacity Planning Across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work: Unit 20
Lean/Jidoka Internal Work
Internal Challenge: Hospital
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
Chapter Overview
Facility Layout
Job Design
Work Design
Redesign or People?
Work Design Considerations
Engineering Workplace Standards
Ergonomics and the Physical Environment
The Alternative Workplaces
Motivation and Rewards
Wellness Analysis
Hardwire Effects
Establishing Standards
Work Measurement (Work Sampling)
Learning Curve Theory
Work Sampling
Group Incentive Plans
Indirect Incentive Plans
Hardwire Effects
Work System Design within OM: How It All Fits Together
Work System Design Across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work
Analytics in Decision Making
Internal Challenge: E-Commerce and Design
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
7 Inventory Management
Chapter Overview
Role of Inventory in the Economy
Inventory Management Objectives
Inventory
Types of Inventory
Cost Effective Inventory Control
Inventory Management
Relevant Inventory Costs
Inventory Control Decisions
Inventory Control Systems
Economic Order Quantity
Reorder Point
Quantity Discounts
Nonmanufacturer Inventory
Materials Requirements Planning (MRP)
Master Production Schedule
Bill of Materials
Inventory Records
Lot-Sizing Techniques
Extensions of MRP
Hardwire Effects
Inventory Management within OM: How It All Fits Together
Inventory Management across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work
Analytics in Decision Making
Internal Challenge: Inventory
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
8 Aggregate Planning
Chapter Overview
Aggregate Planning
Aggregate Planning Options
Capacity Options
Capacity Based Options
Aggregate Planning Strategies
Aggregate Plan Examples
Level Strategies
Chase Strategies
Mixed Strategies
Aggregate Planning Methods
Aggregate Planning within OM: Integrating Products, Processes, and Supply Chains for Competitiveness with Sterling Bike Products
Hardwire Effects
Aggregate Planning within OM: How It All Fits Together
Aggregate Planning Across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work
OM Inc.: Service Technology (Nano-Service)
Analytics in Decision Making
Internal Challenge: Aggregate Planning
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
9 Resource Planning
Chapter Overview
Resource Planning
Scheduling High-Volume Operations
Scheduling Low-Volume Operations
Scheduling Services
Project Management Techniques in Operations
Area Priority Rules Are Used
Scheduling Techniques for Service Operations
Using Different Priority Rules in Each Centers
Optimized Production Technology
Hardwire Effects
Theory of Constraints
Resource Planning within Global Work
Scheduling Techniques for Service Organizations
Chapter Overview
Inventory in Hardwire Scheme
Hardwire Effects
Scheduling within OM: Facing It All Together
Scheduling Across the Organization
The Supply Chain Unit
The Supply Chain Unit
Solved Problems
Lean/Jidoka Internal Work: Kanmatsu Solved (ACCU)
Scheduling at Hardwire Products Company
Analytics in Decision Making
Internal Challenge: Apollo Tire
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
10 Project Management
Chapter Overview
The Importance of Projects
Project Management Concepts
Step 1: Basic Decline Project
Step 2: Organizational Structure
Step 3: Scheduling the Project Completion Time
Step 4: Management Control Techniques
Help: Still, Problematic Time Estimates
Project Management Hardwire Effects
Estimating the Probability of Completion Dates
Project Management
Coaching Projects
Project Planning Approach
Learning Quality Time
Hardwire Effects
Project Management within OM: How It All Fits Together
Project Management Within and Across the Organization
The Supply Chain Unit
The Sustainability Unit
Solved Problems
Lean/Jidoka Internal Work: Office Hiroko
Analytics in Decision Making
Internal Challenge: Operations Strategies
Summary / Key Terms / Formula Review / Discussion
Questions / Problems / Tutorial Bibliography
APPENDIX 1: The Standard Normal Distribution
Bibliography
APPENDIX 2: LEAN AUDITS PRODUCTS
