WILEY

SQL Essentials For Dummies

By Richard Blum, Allen G. Taylor

Paperback 9789363860384 ₹- Price

Pages: 208

Description

A right-to-the-point guide on all the key topics of SQL programming

SQL Essentials For Dummies is your quick reference to all the core concepts of SQL—a valuable common standard language used in relational databases. This useful guide is straightforward—with no excess review, wordy explanations, or fluff—so you get what you need, fast. Great for a brush-up on the basics or as an everyday desk reference, this book is one you can rely on.

About the Author
