WILEY

Java Essentials For Dummies

By Doug Lowe, Paul McFedries

Paperback 9789363865785 ₹- Price

Pages: 208

Description

Swiftly brush up on the foundations of Java programming

Java Essentials For Dummies is a reliable and succinct reference on the core components of Java—the multifaceted general-purpose language used for desktop, mobile, and web applications. This straightforward book gets right to the point—eliminating review material and wordy explanations—so you get what you need, fast.
