Description

The easy way to brush up on your HTML & CSS programming skills

HTML & CSS Essentials For Dummies is your quick and handy reference to all the core concepts of HTML & CSS—the must-know markup and style languages that make the internet go. This no-nonsense book gets right to the point, eliminating review material, wordy explanations, and fluff. Understand all the fundamentals of HTML and CSS, quickly. Perfect for a brush-up on the basics or as an everyday desk reference on the job, this is the reliable little book you can always turn to for answers.
